

British St. Kittis & Nevis (1903-1950)

A group of islands in the West Indies, southeast of Puerto Rico. Formed in 1903 as a presidency of the British Leeward Islands colony, the designation of St. Christopher-Nevis-Anguilla was adopted in 1952. In 1956, this became a separate British colony, securing independence in 1967 as St. Kitts-Nevis-Anguilla. Soon after independence, Anguilla seceded from the union, declaring its independence from both St. Kitts-Nevis and Great Britain.
