

Peru (1857-)

A republic on the west coast of South America. Peru became independent from Spain in 1824, During 1968-80, Peru was ruled by a socialistic military regime, which pursued an arduous program of nationalization and social reform. In 1980, democratic civilian rule replaced the military dictatorship. During the 1990's, presidential powers were expanded in response to widespread drug trafficking and corruption and to better combat the long-running rebellion of the Maoist Shining Path guerrilla movement.
